

## **Low or No-cost Breast and Cervical Cancer Screening Services Available for American Indian Women**

Whether insured or not, the Breast and Cervical Cancer Control Navigation Program (BCCCNP) within the Michigan Department of Health and Human Services, will help women receive the care they need. This program supports women who **live within or outside** the purchased referred care service area of their tribal clinic.

The BCCCNP program can arrange for eligible women to receive breast and cervical cancer screenings, follow-up care for an abnormal test result, and treatment if a breast or cervical cancer is diagnosed.

Eligible women must be between the ages of 21-64 with an income between 139 and 250 percent of the Federal Poverty Level. *For a woman who is single/divorced or a widow with no dependants, this means an annual income between \$16,753 and \$30,350. For a family of four, this means an annual income between \$34,638 and \$62,750.*

- **Uninsured women** can enroll in the program and receive cancer screening services (mammograms and Pap tests) at no cost.
- **Underinsured women (women with high deductibles)** may receive screening and/or diagnostic services not paid by their insurance.
- **Insured women** can receive assistance by program navigators to receive screening diagnostic and/or treatment services.

Women diagnosed with breast or cervical cancer, may also be eligible to receive treatment through the BCCCNP Medicaid Treatment Act.

Call **1-844-I-GOT-SCR (446-8727)** to find out if you are eligible to receive program services. Please leave your name, phone number and county of residence when you call.
